Subject: Invites to Fall Events
Date: August-06-10 9:30:47 AM

Hi…

I hope you're enjoying our glorious summer weather, but it's also time to start thinking about fall events. Please save the dates for the following:

BC's Climate Action Secretariat, UBC Okanagan, and the Fresh Outlook Foundation are partnering to host a free workshop entitled Small Steps and Big Leaps: Mobilizing Climate Action in the Thompson-Okanagan September 22nd and 23rd. A follow-up to last year's workshop, The State of Climate Action in the Thompson-Okanagan, this event promises to kindle meaningful and productive dialogue about reducing energy consumption and green house gas emissions in all sectors. Watch for a detailed agenda and registration information.

UBC Okanagan, UVic, and UNBC are hosting the BC WATER Symposium August 30th to September 1st in Kelowna, Victoria, and Prince George. Play your part in developing BC's innovative Water Science Strategy and help secure and manage our fresh water supply for future generations. For more information and to register click here.

The Fresh Outlook Foundation is still working to have 10,000 Okanagan residents see the documentary DIRT before October 10th, 2010. More than 1,500 people have supported Talking DIRTy x10,000 by watching the film, completing pre- and post-watch surveys, and engaging in facilitated dialogue. Please join us for a screening Thursday, August 12th at 7:30pm hosted by Carolyn and Heath Fletcher at their farm in Vernon (714-35th Avenue). Everyone who attends will receive a free one-session pass to the foundation's Building SustainAble Communities conference in November. If you're interested in hosting your own screening at home, work, or with a group of like-minded people, please contact Joanne at 250-766-1777 or jo@freshoutlookfoundation.org.

Thanks,

Jo
