Evacuation Alert Electoral Areas "G" and "B" | Amended Map

Please note, the map has been amended for the Evacuation Alert issued **July 31, 2018** at 5:00 pm, for rural Keremeos in Electoral Area "G" and Cawston in Electoral Area "B" due to the Mt. Snowy Fire (K51238).

The map was amended to realign the boundary of the evacuation alert to the northern boundary of Lower Similkameen Indian Band lands as described in the original Alert. The original map had mistakenly been drawn past that boundary.
