

RDOS Administered Landfills Tipping Fee Changes

Beginning April 15th, 2019:

1. At the Okanagan Falls Landfill – DRC Sorting Site, the tipping fee rates have been reduced for:
 - a) **ASSESSED DEMOLITION AND RENOVATION MIXED LOAD** and for
 - b) **CONSTRUCTION MIXED LOAD** (generated from new construction, where no existing structure has been altered)
 - Decreased from \$125/MT to \$110 M/T (In Service Area) and
 - Decreased from \$150 M/T (Outside Service Area) to \$135 M/T
 - To obtain this rate, RDOS approval forms are required prior to hauling. For approval forms see <http://www.rdos.bc.ca/departments/public-works/solid-waste/demolition-renovation-new-construction-burned-structures/>

Beginning May 1st, 2019:

1. To recover some of the costs associated with the special handling requirements, the following materials are no longer free:
 - a) **ASBESTOS CONTAINING MATERIALS** - Authorized CONTROLLED WASTE: Increase from \$0.00 dollars to \$110.00 M/T with a \$5.00 minimum charge. Accepted only at Campbell Mountain Landfill and Oliver Landfill with a prior appointment.
 - b) **LEAD-BASED PAINT** coated materials - Authorized CONTROLLED WASTE: Increase from \$0.00 dollars to \$60.00 M/T with a \$5.00 minimum charge.
 - c) **WOOD-PRESERVED** - Authorized CONTROLLED WASTE: Increase from \$0.00 dollars to \$60.00 M/T with a \$5.00 minimum charge.
2. The costs associated with wood waste chipping and management is costly. Removing the free component on WOOD PRODUCT CONTAMINATED and for WOOD WASTE will help offset those costs:
 - a) **WOOD PRODUCT CONTAMINATED** and **WOOD WASTE** - RECYCLABLES: Omitted free component and added with a \$5.00 minimum charge.

No Changes in Fees:

- a) YARD AND GARDEN WASTE includes prunings, branches and tree trunks under 8 feet in length continues to be free for the first 500 kg per load.
- b) YARD WASTE SMALL DIMENSION – no change in fees, there is still no tipping fee when the YARD AND GARDEN WASTE and WOOD WASTE-TREE STUMPS are chipped to no greater than 4cm (1.5 inches) in diameter and no longer than 13 cm. (5 inches) in length. YARD WASTE SMALL DIMENSION also includes lawn clippings, conifer needles and leaves that is not CONTAMINATED with materials such as METAL and ROCKS.
