

PRESS RELEASE

RESCINDED - BOIL WATER NOTICE

NARAMATA WATER SYSTEM USERS

May 18th , 2017

The Regional District of Okanagan-Similkameen (RDOS) is rescinding the BOIL WATER NOTICE for the Naramata Water System effective May 18th, 2017. Source water quality parameters for the Okanagan Lake intake have improved and are again within the specifications of the UV Treatment Plant.

Please note that the RDOS will be monitoring the Okanagan Lake source water quality closely as we continue with this year's freshet. If we experience increased precipitation and/or increased temperatures accelerating the snow melt it is possible that future Notices will be required.

We apologize for any inconvenience this may have caused.

For more information contact the Regional District of Okanagan-Similkameen at 250.490.4106 or 250.490.4135. Send an email to info@rdos.bc.ca and remember to include your name and address to receive future email notifications.

Thank you for your cooperation.
