

# Fall 2017 IRRIGATION TURN-OFF

## NARAMATA IRRIGATION SYSTEM USERS

---

The RDOS Public Works Water Operators will commence the Fall irrigation connection Turn-Off:

### **THE WEEK OF OCTOBER 23, 2017**

Please take whatever precautions necessary to winterize your private systems.

While this notice targets those with separate irrigation connections, it is also a great time for homeowners to check their *Pressure Reducing Valves (PRV's)* inside their homes to ensure they are working correctly and replace them as needed. PRV's help to protect plumbing fixtures from damage or breaks that may cause wasteful leaks. The life expectancy for PRV's is about 10 years.

For more information, or to request an alternate irrigation shut off date, please contact the Public Works department at 250.490.4135 prior to October 23<sup>rd</sup>.

Thank you for your cooperation.

### **Regional District of Okanagan-Similkameen**

Public Works Department  
October 10, 2017

For after hours water emergencies please call Regional Dispatch at 250.490.4141 and they will contact Public Works Standby Operators.
