

BURNED MATERIAL from STRUCTURES

RDOS LANDFILL ACCEPTANCE PROCEDURES AND TIMES

Step 1: ✓ Check with your local Municipal or Regional District Building Department to enquire if a Demolition Permit is required. ✓ Contact WorkSafe BC if a Hazardous Assessment Report and Clearance letter is required. ✓ If safe to remove hazardous materials, dispose of those materials prior to hauling the burn structure. ✓ For Asbestos Disposal, see “Guide to Asbestos Disposal” and “Landfill Asbestos Disposal Checklist”. Keep disposal receipts. ✓ A RDOS Landfill Waste Disposal Application for Demolition Renovation Waste (WDA) is not required if demolition waste contains BURNED MATERIALS.

Step 2: ✓ BURNED MATERIAL is classified as a CONTROLLED WASTE and is accepted for disposal only at the Campbell Mountain and Oliver Landfills. Before delivery the burned materials must have been extinguished and allowed to entirely cool for no less than a two week period (See Definitions - RDOS Regulatory Bylaw No. 2796 below).

Step 3: ✓ Before hauling the BURNED MATERIAL from the structure to Campbell Mountain Landfill (Penticton) or to Oliver Landfill, a 24 hour email notice with the following information is required:

- 6) State age of the structure and attach an electronic copy of the Hazard Assessment Report and if applicable any disposal receipts. Please note: Landfills will charge the applicable BURNED MATERIAL tipping fee.
- 7) **Before sending your email notice, set email to request a Read Receipt;**
- 8) Receiving a Read Receipt provides confirmation that the 24 hour notice has been received, but
- 9) A **Confirmation E-mail Meeting Request** will be issued by the RDOS confirming and identifying delivery time. If the delivery time is acceptable, click ACCEPT.
- 10) **Do not come to the facility until the RDOS Confirmation E-mail is received and accepted by you.** Portions of the landfill may need to be closed to accept waste. Failure to come without confirmation could lead to additional wait times or loads being turned away from the Landfill.

Note: Landfills cannot accept metal that is longer than 2.4 meters (8 feet) in length and/or width.

Definitions - RDOS Regulatory Bylaw No. 2796: BURNED

MATERIAL means materials damaged by fire, heat, electricity or a caustic agent that have been allowed to entirely cool for no less than a two-week period, and in a manner acceptable to the MANAGER (see CONTROLLED WASTE). BURNED MATERIALS that are hot or smoldering or not entirely cooled for more than a two week period is a PROHIBITED WASTE.

CONTROLLED WASTE means waste that is approved for DISPOSAL at the SITE but which, because of its inherent nature and quantity, may require special handling and DISPOSAL techniques to avoid creating health hazards, nuisances, or environmental pollution....
