

This bylaw has been consolidated for convenience only and includes all amendments to the text up to: Dec 13, 2007

REGIONAL DISTRICT OKANAGAN SIMILKAMEEN

BYLAW NO. 2424.01 & .02, 2007

A bylaw to establish regulations and charges for waste disposal at the; Campbell Mountain, Okanagan Falls, Oliver and Keremeos Sanitary Landfills

WHEREAS under the *Local Government Act*, the Regional Board may, by bylaw, require persons to use a waste disposal or recycling service and require owners or occupiers of real property to remove trade waste, garbage, rubbish and other matter from their property and take it to a specified place; may operate any service that the board considers necessary or desirable for all or part of the Regional District; may, by bylaw, regulate and prohibit the use of Regional District works and facilities; may, by bylaw, impose a fee or charge payable in respect of a service of the Regional District; and may base the fee or charge on any factor specified in the bylaw;

AND WHEREAS the Regional Board has established the “*Waste Management Service Establishment Bylaw No. 1104.01, 2005, Keremeos Refuse Disposal Local Service Establishment Bylaw No. 1777, 1997 and Area C/Oliver Local Service Establishment Bylaw No.1695, 1996*”

NOW THEREFORE, the Board of the Regional District Okanagan-Similkameen, in open meeting assembled, enacts as follows:

1 CITATION

1.1 This Bylaw may be cited as the “**Waste Management Service Regulatory and Tipping Fee Bylaw No. 2424, 2007**”.

2 REPEAL

2.1 This Bylaw repeals the: “*Campbell Mountain Sanitary Landfill & “Okanagan Falls Sanitary Landfill Regulatory and Tipping Fee Bylaw No. 2376, 2006, Oliver Sanitary Landfill Tipping Fee and Regulatory Bylaw No. 2383, 2007 and Keremeos Landfill Regulation Bylaw No. 2346, 2005*”

3.0 DEFINITIONS

3.1 In this Bylaw:

ACTIVE FACE means the area of the Site where the placing, spreading, compacting and covering of REFUSE is actively taking place;

AGRICULTURAL ORGANIC MATERIAL means suitably prepared and separated plant derived organic materials from agricultural operations including but not limited to orchards, nurseries, vineyards and silviculture operations;

AGRICULTURAL PLASTIC means suitably prepared and separated waste plastic used in agricultural applications, including but not limited to, ground crop plastic, silage bags, fertilizer bags, baler twine, and greenhouse plastic including containers and structural film;

BIOMEDICAL WASTE means waste that is defined as such in the document "*Guidelines for the Management of Biomedical Waste in Canada*" (CCME, February 1992);

BULKY WASTE means articles with a volume greater than one and one half (1.5) cubic metres, and materials greater than two and one-half (2.5) metres in length; and articles that the MANAGER determines require special handling and DISPOSAL techniques

CARCASSES means dead animals, or portions thereof, that are not a RENDERABLE PRODUCT;

CLINICAL/LABORATORY WASTE means non-anatomical waste, including SHARPS, that is generated by institutions including but not limited to, hospitals, laboratories, doctors' offices, medical clinics, and veterinary clinics, and has been sterilized such that all micro-organisms including bacteria, viruses, spores, and fungi are killed;

COMMERCIAL SOLID WASTE means SOLID WASTE materials discarded from commercial enterprises;

COMPOSTABLE WASTE means MARKETABLE organic waste including but not limited to:

- (a) PRUNINGS;
- (b) WOOD WASTE;
- (c) PROCESSED ORGANICS;
- (d) YARD AND GARDEN WASTE; and,
- (e) AGRICULTURAL ORGANIC MATERIAL;

CONCRETE means a construction material that consists of cement, commonly cement, aggregate (generally gravel and sand) and water. It is used to make pavements, architectural structures, foundations, motorways/roads, overpasses, parking structures, brick/block walls and footings. RECYCLABLE CONCRETE must not contain asbestos, large amounts of metal protruding or be a BULKY WASTE;

CONTAMINATED SITES REGULATION means the Contaminated Sites Regulation, British Columbia Reg. 375/96 under the *Environmental Management Act*;

CONTROLLED WASTE means waste that is approved for DISPOSAL at the SITE but which, because of its inherent nature and quantity, may require special handling and DISPOSAL techniques to avoid creating health hazards, nuisances, or environmental pollution, including, but not limited to:

- (a) sludge and screenings from municipal sewage treatment plants, pump stations and domestic septic systems;
- (b) condemned foods;
- (c) BULKY WASTE;
- (d) CLINICAL/LABORATORY WASTE;
- (e) RENDERABLE PRODUCTS;
- (f) CARCASSES;
- (g) CONTAMINATED SOIL;
- (h) WASTE ASBESTOS;
- (i) foundry dust;
- (j) FOOD PROCESSING WASTE;
- (k) SEPTAGE WASTE;
- (l) NOXIOUS WEEDS;
- (m) Tree Stumps;
- (n) INFESTED VEGETATION; and,
- (o) PRESERVED WOOD;

CORRUGATED CARDBOARD means containers or materials used in containers consisting of three or more layers of kraft paper materials and having smooth exterior liners and a corrugated or rippled core, but excluding containers that are impregnated with blood, grease, oil, chemicals, food residue, wax, or have polyethylene, polystyrene, foil or other non-paper liners, or are otherwise contaminated with a material that will render the material not MARKETABLE;

CURBSIDE RESIDENTIAL WASTE means SOLID WASTE that is collectable within the garbage component of the local SERVICE AREA curbside collection program;

DECONSTRUCTION means the dismantling of a human-made structure in a manner that enables maximum salvage of reusable building components and recycling of the remaining building components;

DEMOLITION means the MIXED LOAD SOLID WASTE materials produced through machine reduction of a human-made structure;

DEMOLITION, LAND CLEARING, CONSTRUCTION (DLC) WASTE means SOLID WASTE, largely inert, resulting from the construction, remodeling, repair and demolition of structures, roads, sidewalks and utilities, and vegetation from land clearing and grubbing, utility maintenance, and seasonal or storm-related cleanup. DLC waste may include, but is not limited to, asphalt, bricks, concrete and other masonry materials, roofing materials, soil, rock, wood, wood products, wall covering, plaster, gypsum board or wallboard, plumbing fixtures, electrical wiring, electrical components containing no hazardous materials and insulation that does not contain asbestos, and excludes RESIDENTIAL SOLID WASTE, COMMERCIAL SOLID WASTE and INSTITUTIONAL SOLID WASTE;

DISPOSAL means the introduction of SOLID WASTE into the environment;

ELECTRONIC WASTE (E-WASTE) means various types of waste containing mainly electronic components, made of essentially durable products, used for data processing, telecommunications, or entertainment, and appliance devices in households and businesses. Such wastes may include, but are not limited to, computers and accessories, fax machines, televisions, radios, stereos, DVD & VCR players, telephones, answering machines, uninterruptible power supplies, and microwaves;

FOOD PROCESSING WASTE means any organic waste and/or waste by-product that may be produced from a commercial food processing operation, and that is unsuitable for composting within existing programs;

HOUSEHOLD HAZARDOUS WASTE (HHW) means hazardous RESIDENTIAL SOLID WASTE materials including but not limited to: antifreeze, oil filters, used motor oil, waste plastic oil containers, gasoline & fuels, mixed fuels, paint thinner, solvent, paint & related products, pesticides, pesticide containers, corrosive liquid (inorganic acids & caustics), aerosol cans, inorganic oxidizers, organic solids (toxic solids), flammable/toxic liquids, mercury or materials containing mercury, cyanide, reactive chemicals (to air and water), and organic peroxides;

HAZARDOUS WASTE means any material defined as such in the HAZARDOUS WASTE REGULATION and any SOLID WASTE which, because of its inherent nature and quantity requires special DISPOSAL techniques to avoid creating health hazards, nuisances or environmental pollution, and includes, but is not limited to, toxins or poisons, corrosives, irritants, strong sensitizers, flammables (excluding plastics, paper, paper products and the like), explosives, and infectious wastes;

HAZARDOUS WASTE REGULATION means the HAZARDOUS Waste Regulation, British Columbia Reg. 63/88, under the *Environmental Management Act*;

IGNITABLE has the meaning prescribed in the HAZARDOUS WASTE REGULATION;

INFESTED VEGETATION means trees, shrubs, herbaceous plants or associated fruit that show the presence of PLANT DISEASE, NOXIOUS INSECTS, pathogens or related pests that have caused or are likely to cause significant damage to the trees, shrubs, herbaceous plants or associated fruit;

INSTITUTIONAL SOLID WASTE means SOLID WASTE materials discarded from institutional enterprises such as social, charitable, educational and government services;

LEAD ACID BATTERY means an electro-chemical cell contained in a plastic case consisting of lead and lead oxide plates and containing a mixture of acids, which is used to supply an electric power source;

MANAGER means the official appointed to that position by the REGIONAL DISTRICT responsible for Solid Waste Management and includes any PERSON appointed or designated by the MANAGER to act on his or her behalf;

MARKETABLE means capable of being disposed of through an existing SERVICE AREA program or a commercial market;

MIXED LOAD means a load containing two or more of the waste categories, as designated in "Schedules "A B, C, D, E, F & G" of this Bylaw;

NOXIOUS INSECTS means all insects designated by the REGIONAL DISTRICT'S Noxious and Destructive Insects Bylaw, including but not limited to, Codling moth (*Cydia pomonella*), Western cherry fruit fly (*Rhagoletis indifferens*), Black cherry fruit fly (*Rhagoletis fausta*), San Jose scale (*Quadraspidiotus perniciosus*), European fruit scale (*Quadraspidiotus ostreaeformis*), Peach Twig Borer (*Anarsia lineatella*), Peach Tree Borer (*Synanthedon exitiosa*), Pear psylla (*Cacopsylla pyricola*), Fruittree leafroller (*Archips argyrospilus*), European leafroller (*Archips rosanus*), Obliquebanded leafroller (*Choristoneura rosaceana*), Threelined leafroller (*Pandemis limitata*), Apple-and-thorn skeletonizer (*Choreutis pariana*), Apple mealybug (*Phenacoccus aceris*), Apple ermine moth (*Yponomeuta malinella*), Gypsy moth (*Lymantria dispar*), Apple maggot (*Rhagoletis pomonella*), Oriental fruit moth (*Grapholitha molesta*), Cherry bark tortrix (*Enarmonia formosana*), Cherry ermine moth (*Yponomeuta padellus*), Eyespotted budmoth (*Spilonota ocellala*);

NOXIOUS WEEDS means all weeds designated within the Provincial and Regional Noxious Weed lists of the *Weed Control Act* Regulation including, but not limited to, Annual Sow Thistle (*Sonchus oleraceus*), Canada Thistle (*Cirsium arvense*), Common Crupina (*Crupina vulgaris*), Common Toadflax (*Linaria vulgaris*), Dalmatian Toadflax (*Linaria dalmatica*), Diffuse Knapweed (*Centaurea diffusa*), Dodder (*Cuscuta spp.*), Gorse (*Ulex europaeus*), Hound's-tongue (*Cynoglossum officinale*), Jointed Goatgrass (*Aegliops cylindrica*), Leafy Spurge (*Euphorbia esula*), Perennial Sow Thistle (*Sonchus arvensis*), Purple Nutsedge (*Cyperus rotundus*), Rush Skeletonweed (*Chondrilla juncea*), Scentless Chamomile (*Matricaria maritima*), Spotted Knapweed (*Centaurea maculosa*), Tansy Ragwort (*Senecio jacobaea*), Velvetleaf (*Abutilon theophrasti*), Wild Oats (*Avena fatua*), Yellow Nutsedge (*Cyperus esculentus*), Yellow Starthistle (*Centaurea solstitialis*), Blueweed (*Echium vulgare*), Burdock (*Arctium spp.*), Puncturevine (*Tribulus terrestris*), and Sulphur Cinquefoil (*Potentilla recta*);

OVERLOADED in respect of a vehicle used for transporting WASTE to the SITE means carrying more than twice the volume of the vehicle itself, as originally constructed;

OVERSIZE TIRE means assorted agricultural, industrial and OTR (Off The Road) TIRES, specifically TIRES with Tread Codes C, E, G, L, IND & NHS as defined by Tire Stewardship B.C, Schedule "A";

OZONE DEPLETING SUBSTANCE (ODS) means a substance defined as such in the Ozone Depleting Substances and other Halocarbons Regulation, British Columbia Reg. 387/99 under the *Environmental Management Act*,

PERSON means an individual, corporation, partnership, association or any other legal entity or an employee or agent thereof;

PLANT DISEASE means a condition that exists in a plant or seed as the result of the action of virus, fungus, bacterium, or any other similar or allied organism and that injures or may injure the plant or any part thereof, and that may be spread to another plant or plants with economic, ornamental or aesthetic value, including, but not limited to Apple Scab (*Venturia inaequalis*), Anthracnose or Perennial Canker (*Cryptosporiopsis curvispora*; *C. perennans*), Bacterial Canker (*Pseudomonas syringae* pv. *syringae*; *P. syringae* pv. *morsprunorum*), Blister spot (*Pseudomonas syringae* pv. *papulans*), Brown Rot (*Monilinia fructicola*), Coryneum Blight (*Wilsonomyces carpophilus*), Crown Gall, Root Gall and Hairy Root (*Agrobacterium tumefaciens*), Crown Rot (*Phytophthora cactorum*), Cytospora Canker (*Leucostoma cincta*), European Canker (*Nectria galligena*), Fire Blight (*Erwinia amylovora*), Little Cherry Virus, Powdery Mildew (*Podosphaera leucotricha*; *P. clandestina*; *Sphaerotheca pannosa*), Peach Leaf Curl (*Taphrina deformans*), and Verticillium Wilt (*Verticillium dahliae*);

PRESERVED WOOD means wood products which have been treated with preservatives such as *chromated copper arsenate* (CCA) *aromatic hydrocarbons* (PAHs), and *ammonium copper arsenate* (ACA) to prevent rotting;

PROCESSED ORGANICS means WOOD WASTE or YARD AND GARDEN WASTE that has been chipped to less than 50 mm (2 inches) in any dimension;

PROHIBITED WASTE means:

- (a) liquid or semi-solid wastes, except as permitted in this bylaw;
- (b) empty waste containers unless they are crushed, shredded or similarly reduced in volume to the maximum practical extent;
- (c) IGNITABLE waste;
- (d) REACTIVE WASTE;
- (e) RADIOACTIVE WASTE;
- (f) HAZARDOUS WASTE, except as permitted in this bylaw;
- (g) SPECIAL WASTE, excluding WASTE ASBESTOS and those specifically authorized in the SPECIAL WASTE REGULATION;
- (h) SOLID WASTE that is on fire or smouldering;
- (i) automobiles and other large metallic objects;
- (j) slaughterhouse, fish hatchery, and cannery wastes and by-products;
- (k) BIOMEDICAL WASTE; and,
- (l) such other materials as are designated by the MANAGER from time to time to be inappropriate for DISPOSAL at the SITE for environmental reasons or reasons related to the safe or efficient operation of the SITE;

PROPANE TANK means a refillable or non-refillable metal container which is used to contain flammable hydrocarbon gases used as fuel;

PRUNINGS means hedge clippings and shrub and tree branches that are less than 12.5 millimetres (1/2 inch) in diameter;

RADIOACTIVE WASTE means a "nuclear substance" as defined in the *Nuclear Safety and Control Act* (Canada), in sufficient quantity or concentration to require a licence for possession or use under that Act and regulations made under that Act;

REACTIVE WASTE means waste that is defined as such in the SPECIAL WASTE REGULATION;

RECYCLABLE GYPSUM BOARD AND WALLBOARD means construction off-cuts and scraps of gypsum board or wallboard, and used gypsum board or wallboard that is uncontaminated by materials other than paint or wallpaper and removed during renovation or deconstruction;

RECYCLABLE WASTE means all materials recognized and accepted for recycling within the SERVICE AREA including but not limited to:

- (a) CORRUGATED CARDBOARD;
- (b) Glass bottles and jars;
- (c) Mixed paper;
- (d) Newsprint;
- (e) Box Board;
- (f) SCRAP METAL;
- (g) WHITE GOODS;
- (h) PROPANE TANKS;
- (i) LEAD ACID BATTERIES;
- (j) TIRES;
- (k) REFRIGERATION UNITS;
- (l) Clean soil;
- (m) RECYCLABLE GYPSUM BOARD AND WALLBOARD;
- (n) Plastics acceptable for recycling;
- (o) Refundable beverage containers;
- (p) COMPOSTABLE WASTE
- (q) TIRES
- (r) E-WASTE
- (s) Asphalt shingles; and,
- (t) CONCRETE, Asphalt and Masonry;

REFRIGERATION UNITS means refrigerators, freezers, air conditioners or any other item that may contain an OZONE DEPLETING SUBSTANCE;

REFUSE means any discarded matter that originates from residential, industrial, commercial, institutional sources that is designated for landfilling;

REFUSE BINS means the large bins at the SITE that have been provided to receive REFUSE from self-haul residential customers;

REGIONAL BOARD means the Board of the REGIONAL DISTRICT;

REGIONAL DISTRICT means the Regional District Okanagan-Similkameen;

REMIATABLE SOIL means contaminated soil containing substances in quantities or concentrations greater than those prescribed in Column III of Schedules 4 & 5 to the CONTAMINATED SITES REGULATION but proven to the REGIONAL DISTRICT to be capable of being remediated to those specified quantities or concentrations;

RENDERABLE PRODUCT means dead animals, animal parts and animal by-products accepted for rendering or recycling into other products (e.g. dog food) at any approved animal bone, meat, and fat rendering facility, that were generated at such establishments as slaughter houses, butchereries, retail and wholesale stores, farms, and veterinary clinics;

RESIDENTIAL SOLID WASTE means SOLID WASTE discarded from single and multi-family dwellings;

SCRAP METAL means recyclable ferrous and non-ferrous metallic materials, including but not limited to, metal food containers, sheet metal, siding, roofing, rebar, flashings, pipes, window frames, doors, furnaces, duct work, wire, cable, bathtubs, fencing, bicycle frames, automotive body parts, machinery, metal furniture, tire rims and WHITE GOODS;

SHARPS means clinical and laboratory materials consisting of needles, syringes, blades or laboratory glass;

SEPTAGE WASTE means liquid waste including:

- (a) pumpings from parking lot drainage sumps;
- (b) pumpings from domestic septic tanks;
- (c) pumpings from laundry lint traps;
- (d) pumpings from sumps which collect runoff from motor vehicle washing facilities containing oil separation units only, but not from facilities used for maintenance or lubrication of automobile components or where solvents or sandblasting are employed for removal of paint, grease, or oil; and,
- (e) water containing soil, sand, gravel, or non-hazardous solids;

SERVICE AREA means the service area of the Solid Waste Management Service established by the "*Solid Waste Management Service Establishment Bylaw No.1104.01 2005, Keremeos Refuse Disposal Local Service Establishment Bylaw No. 1777, 1997 and Area C/Oliver Local Service Establishment Bylaw No.1695, 1996*";

SITE means the Campbell Mountain Sanitary Landfill, located on District Lot 368, SDYD, PID 014-780-704, the Okanagan Falls Sanitary Landfill, located on District Lot 233s, except plans B3771, B4549, and H17711 SDYD, the Keremeos Sanitary Landfill, located on District Lot 2821, SDYD, Portion NE Corner, Refuse Disposal Site License No. 338138 and the Oliver Sanitary Landfill, located on SIBCO Landfill Road, Oliver, B.C. on a portion of Lot 954, Plan 14590, District Lot 2450s, SDYD;

SITE ATTENDANT means the official of the REGIONAL DISTRICT who operates the scale house and maintains the SITE;

SITE OPERATOR means the contractor conducting landfill operations at the SITE;

SOLID WASTE includes, REFUSE, RECYCLABLE WASTE, COMPOSTABLE WASTE, DLC, CONTROLLED WASTE, and authorized PROHIBITED WASTE that is suitable for DISPOSAL at the SITE;

SOURCE-SEPARATED means SOLID WASTE separated by a PERSON other than a SITE ATTENDANT or SITE OPERATOR, by means of barriers or placement in containers into clearly distinguishable accumulations of REFUSE, RECYCLABLE WASTE, COMPOSTABLE WASTE, CONTROLLED WASTE, and authorized PROHIBITED WASTE;

TIMBER WASTE means WOOD WASTE generated from processing of harvested trees by sawmills and the pulp and paper industry;

TIRE means the outer pneumatic rubber covering of wheels including but not limited to PLT (Passenger Light Truck), MT (Motor Truck) and large off road Tires;

TREE STUMPS means non-agricultural part of a plant, tree, or shrub that remains attached to the roots after the trunk is cut, whereby the trunk is greater than 20 cm (8 inches) in diameter.

VISITOR means an unauthorized PERSON who is present at the SITE for purposes other than to deposit SOLID WASTE;

WASTE ASBESTOS has the meaning prescribed in the SPECIAL WASTE REGULATION;

WHITE GOODS means metal consumer appliances typically finished in white enamel such as clothes washers, dishwashers, clothes dryers, ranges, stoves hot water tanks and REFRIGERATION UNITS;

WOOD WASTE means clean, organic material including, but not necessarily limited to:

- (a) kiln dried dimensional lumber such as wood pallets, and demolition wood waste;
- (b) branches greater than 12.5 millimetres (1/2 inch) in diameter and a maximum of 1.8 metres (6 feet) in length;
- (c) plywood;
- (d) particle board;
- (e) pressed board or MDF (Medium Density Fibreboard); and,
- (f) tree stumps

provided such material is free of PRESERVED WOOD, rocks, metals other than nails and screws, heavy coats of paint, wire, fibreglass, asphalt roofing material, and other non-wood materials;

YARD AND GARDEN WASTE means green waste including PRUNINGS, grass and hedge clippings, leaves, grass, flowers, vegetable stalks, woody or herbaceous waste, fruit and vegetable waste.

4.0 SITE REGULATIONS

4.1 No PERSON shall:

- (a) deposit PROHIBITED WASTE at the SITE unless the deposit of such waste is specifically authorized by both the REGIONAL DISTRICT and the Regional Waste Manager of the Ministry of Environment;
- (b) deposit CONTROLLED WASTE at the SITE unless the MANAGER determines that special handling and DISPOSAL techniques are not required, or where special handling and DISPOSAL techniques are required, the MANAGER has determined that the CONTROLLED WASTE can be disposed of safely at the SITE and has given written permission and directions for such DISPOSAL (see 4.2);
- (c) deposit contaminated soil without prior consent of the Manager. The Manager may determine that quantities of contaminated soil that do not exceed Special Waste are acceptable for deposit.
- (d) deposit any SOLID WASTE at the SITE in a manner and in a location contrary to the signage or written or verbal direction and designation of the SITE OPERATOR or SITE ATTENDANT;
- (e) enter the SITE or deposit any material at the SITE at any time other than the designated hours of operation, except by prior arrangement with the REGIONAL DISTRICT;
- (f) discharge any firearm at the SITE, except as permitted under any applicable enactment;
- (g) remove, alter, or deface any sign placed or erected at the SITE;
- (h) ignite a fire, cause a fire to be ignited, or deposit at the SITE materials that are on fire, are smouldering or were recently on fire. All materials that were recently on fire shall require that the RDOS receive (7) seven days notification prior to deposit. Burned materials are banned from deposit at CMSL and Keremeos;
- (i) cause the release of an OZONE DEPLETING SUBSTANCE at the SITE;
- (j) remain at the SITE for longer than is required to proceed directly to the designated deposit area, unload and immediately leave the SITE;
- (k) without authorization drive any motor vehicle on the SITE except on designated roads;

- (l) act in a manner contrary to any posted SITE regulations;
 - (m) act at the SITE in a manner that is intolerant, impatient, intemperate, discourteous, disruptive, threatening or wilfully negligent;
 - (n) deposit any material at the SITE without first having the material checked by the SITE OPERATOR or SITE ATTENDANT and weighed on the scale;
 - (o) deposit any material at the SITE except in accordance with this Bylaw and any regulations posted at the SITE;
 - (p) deposit INSTITUTIONAL, COMMERCIAL or INDUSTRIAL quantities of CORRUGATED CARDBOARD, HAZARDOUS WASTE or E-WASTE in depots established for these materials at the SITE;
 - (q) salvage or remove anything from the SITE without the express written permission of the REGIONAL DISTRICT; or,
 - (r) deposit any material at the SITE that does not originate from within the SERVICE AREA, unless the MANAGER approves otherwise.
- 4.2 CONTROLLED WASTE must be manifested as required by the REGIONAL DISTRICT and by the British Columbia Ministry of Environment. In addition, twenty-four (24) hours' notice to the REGIONAL DISTRICT is required prior to deposit of CONTROLLED WASTE at the SITE.
- 4.3 All material deposited at the SITE shall become the property of the REGIONAL DISTRICT, except where such material is deposited contrary to the provisions of this Bylaw.
- 4.4 All REFUSE generated within the SERVICE AREA shall be reused, recycled, composted or disposed of in a manner and location that is approved by the Ministry of Environment when such approval is required, and in compliance with this Bylaw.
- 4.5 Any PERSON who contravenes these regulations or fails to comply with the posted notices or signs at the SITE or the verbal instructions of the SITE ATTENDANT or SITE OPERATOR may be refused or prohibited re-entry to the SITE.
- 5.0 SAFETY**
- 5.1 Any PERSON entering the SITE does so at their own risk. The REGIONAL DISTRICT accepts no responsibility or liability for damage or injury to PERSON or to property.
- 5.2 No PERSON shall permit a child twelve (12) years or younger to enter the SITE except when they remain inside a motor vehicle at all times.
- 5.3 No PERSON shall allow a pet outside a motor vehicle while on the SITE.

- 5.4 No PERSON shall light or smoke any cigarette, cigar or pipe within the boundaries of the SITE.
- 5.5 All motor vehicles shall not exceed the posted speed limit while on SITE.
- 5.6 No VISITOR shall enter the SITE without checking in at the SITE office and completing the appropriate waiver.

6.0 LOADS

- 6.1 Motor vehicles entering the SITE shall have their loads adequately covered and secured to prevent materials from blowing, bouncing or falling off the vehicle while in transit according to the following criteria:
 - (a) an adequate cover is a tarpaulin, other overlay, or container that is used to confine the material to the vehicle; or all materials must be contained within intact secured closed garbage bags or containers.
 - (b) the cover and/or container must be securely and tightly fastened so that it is not, and cannot become, a hazard.
 - (c) BULKY WASTE, WHITE GOODS, tree stumps, and REFRIGERATION UNITS shall be securely chained or strapped to flat beds or truck boxes as required by section 6.1 (b).

7.0 FEES AND CHARGES

- 7.1 Every PERSON delivering SOLID WASTE to the SITE shall pay the applicable fee set out in Schedules "A", "B", "C", "D", "E", "F" & "G" attached to and forming part of this Bylaw.
- 7.2 Every PERSON delivering CONTROLLED WASTE or authorized PROHIBITED WASTE to the SITE shall pay the applicable fee set out in Schedule "B", "D" & "F" attached to and forming part of this Bylaw. The fees set out in Schedule "B", "D" & "F" in respect of CONTROLLED WASTE are applicable regardless of whether the waste requires special handling and DISPOSAL.
- 7.3 Any fee that must be paid pursuant to this Bylaw shall be paid in cash to the SITE ATTENDANT upon leaving the SITE. The SITE ATTENDANT shall not accept as payment for assessed fees cash in the form of bills of a fifty dollar denomination (\$50.00) or greater where the change is greater than twenty dollars (\$20.00). Payment by credit and/or debit card may also be accepted if such payment options are available at the SITE.

8.0 VIOLATIONS & PENALTIES

- 8.1 No PERSON shall do any act or suffer or permit any act or thing to be done in contravention of this Bylaw.
- 8.2 Every PERSON who violates any provision of this Bylaw, or who permits any act or thing to be done in violation of this Bylaw, or who fails to do any act or thing required by this Bylaw, shall be deemed to have committed an offence against this Bylaw and:
- (a) shall be liable, upon summary conviction, to a fine of not less than \$100.00 and not more than \$2,000.00 for a first offence, and to a fine of not less than \$200.00 and not more than \$2,000.00 for each subsequent offence;
 - (b) shall pay double the applicable fee as set out in Schedules "A", "B", "C", "D", "E" or "F" in cases where the violation involves the contravention of a prohibition or regulation pertaining to the deposit of material at the SITE; and ,
 - (c) may be prohibited from depositing material at the SITE for such period as the REGIONAL DISTRICT may determine.
- 8.3 Each day that an offence against this Bylaw continues shall be deemed a separate and distinct offence.
- 8.4 Any penalty imposed pursuant to this Bylaw shall be in addition to, and not in substitution for, any other penalty or remedy imposed pursuant to any other applicable statute, law or legislation.

9.0 NOTICE OF PENALTY AND DISPUTE

- (a) **Notice.** A SITE ATTENDANT or other employee of the REGIONAL DISTRICT shall issue to any PERSON in violation of this Bylaw, a notice indicating the nature of the violation and penalty.
- (b) **Appeal Intention.** The PERSON to whom a notice is issued may, within 72 hours after receiving the notice, dispute the notice contained in the notice by informing the MANAGER in writing of their intention to dispute the notice and delivering a copy of the notice to the MANAGER.
- (c) **Hearing.** The MANAGER shall arrange a hearing before two senior Development Services Department Staff Members or the Waste Management Committee of the Board.
- (d) **Ruling.** The Development Services Department or the Waste Management Committee shall consider and rule on the dispute within a reasonable time.

10.0 SEVERANCE

- 10.1 If a section, subsection, sentence, clause or phrase of this Bylaw is for any reason held to be invalid by the decision of a Court of competent jurisdiction, the invalid portion shall be severed and such decision shall not affect the validity of the remaining portions of this Bylaw.

READ A FIRST, SECOND, AND THIRD TIME this ___th day of April, 2007.

ADOPTED this _____ day of _____, 2007.

RDOS Board Chair

General Manager of Administration Services

**REGIONAL DISTRICT OKANAGAN-SIMILKAMEEN
SCHEDULE "A"
CAMPBELL MOUNTAIN SANITARY LANDFILL DISPOSAL CHARGES**

SECTION 1.

The general charges for depositing SOLID WASTE at the Campbell Mountain Sanitary Landfill are:

- (a) REFUSE
 - \$55.00 per tonne with a \$5.00 minimum charge.
- (b) DEMOLITION SOLID WASTE
 - \$200.00 per tonne with a \$50.00 minimum charge
- (c) RECYCLABLE GYPSUM BOARD
 - \$75.00 per tonne with a \$10.00 minimum charge.
- (d) CONTROLLED WASTE and authorized PROHIBITED WASTE
 - As outlined in Schedule "B" of this Bylaw.
- (e) COMPOSTABLE WASTE
 - Free for loads weighing less than 500 kg as measured by weight on the scale provided at the SITE by the REGIONAL DISTRICT.
 - \$25.00 per tonne for that portion of loads weighing 500 kg or more as measured by weight on the scale provided at the SITE by the REGIONAL DISTRICT, with a \$2.00 minimum charge.
- (f) AGRICULTURAL ORGANIC MATERIAL
 - Free
- (g) SOURCE SEPARATED AGRICULTURAL PLASTIC
 - Free
- (h) PROCESSED ORGANICS
 - Free
- (i) SCRAP METAL
 - Free
- (j) Clean Fill
 - No charge. The appropriate waste management form is to be completed and twenty-four (24) hours notice given to the REGIONAL DISTRICT prior to delivery of the fill to the SITE.
- (k) SOURCE-SEPERATED, CONCRETE, Asphalt, Asphalt Shingles, Masonry and Rocks
 - \$15.00 per tonne with a \$5.00 minimum for clean SOURCE-SEPARATED Asphalt, Asphalt Shingles, CONCRETE, and Masonry.

- (l) Contaminated Soil
- i) (Metals: \geq Urban Park - < Hazardous Waste) Soil, sediment or fill materials containing concentrations of metal parameters greater than the concentrations for the applicable metal parameter specified in Column III of Schedule 4 and Column III of Schedule 5, and not greater than or equal to the concentrations for the applicable metal parameter specified in the Hazardous Waste Regulation and;
 - ii) (Non-Metals: \leq Commercial) Soil, sediment or fill materials containing concentrations of non-metal parameters not greater than or equal to the concentrations for the applicable non-metal parameter as specified in Column V of Schedule 4 and Column V of Schedule 5.
- \$250.00 per submission of appropriate '*RDOS Application for the Relocation of CONTAMINATED SOIL*' as per RDOS Policy P5280-00.05.
 - \$10.00 per tonne with a \$50.00 minimum charge.
- (m) Environmental Cleanup Materials
- Free provided the written permission of the MANAGER is obtained prior to delivering any materials to the SITE.
- (n) HOUSEHOLD HAZARDOUS WASTE
- Free for residential quantities of HOUSEHOLD HAZARDOUS WASTE which originate within the SERVICE AREA
- (o) E-WASTE
- Free for acceptable residential quantities of E-WASTE which originate within the SERVICE AREA
- (p) REFUSE from Local Government YARD AND GARDEN WASTE Collection Programs
- The City of Penticton and the Regional District of Okanagan-Similkameen shall pay tipping fees as determined by the cost recovery of chipping costs for all YARD AND GARDEN WASTE materials collected and deposited at the SITE within their respective curbside programs.
- (q) LEAD ACID BATTERIES
- Free
- (r) Recyclable TIRES other than OVERSIZE TIRES
- Free
- (s) OVERSIZE TIRES
- \$200.00 per tonne
- (t) TIMBER WASTE
- \$200.00 per tonne with a \$50.00 minimum charge
- (u) Ceramic Fixture
- Free

- (v) REFUSE from DECONSTRUCTION of Local Government Improvements
 - The City of Penticton, The Village of Keremeos and the Regional District Okanagan-Similkameen are exempt from tipping fees relating to the demolition of improvements, located within the Local Service Area, owned by the City of Penticton, The Village of Keremeos or the Regional District Okanagan-Similkameen provided the demolition materials are SOURCE-SEPARATED prior to delivery and deposit at the SITE.

(w) PROPANE TANKS

- Free

(x) E-WASTE

- Free for acceptable residential quantities of E-WASTE which originate within the SERVICE AREA

SECTION 2.

The following charges that are in addition to the general charges outlined in Section 1 of this Schedule, shall also apply:

(a) REFRIGERATION UNITS

- \$10 per REFRIGERATION UNIT for removal of OZONE DEPLETING SUBSTANCES.

(b) Mattresses and Box Springs

- \$5.00 per mattress of any size.
- \$5.00 per box spring of any size.

1. Any REFUSE that is deposited at the ACTIVE FACE or the REFUSE BINS and that contains more than one percent (1%) acceptable RECYCLABLE WASTE or COMPOSTABLE WASTE, by volume, shall be charged double the normal fee set out in Section 1 of this Schedule with a \$10.00 minimum charge.
2. Any SOLID WASTE load that is deposited in a designated stockpile area, and that contains contaminants shall be charged three times the rate for REFUSE, or three times the highest rate for any material contained in the load, whichever is greater.
3. Any MIXED LOAD deposited at the SITE shall be charged at the rate for the component of the load with the highest applicable rate.
4. The fee for each load of SOLID WASTE that arrives at the SITE that is not properly covered or secured shall be charged double the normal fee set out in Section 1 of this Schedule with a \$10 minimum charge.
5. The charge payable under Sections 1 and 2 of this Schedule shall be paid following the weighing of the empty motor vehicle after the LOAD is deposited and shall be based on the difference in weight between the loaded weight and the weight of the empty vehicle.
6. In the event the weigh scale is not operational, or in the event of traffic congestion, or at the discretion of the MANAGER, the SITE ATTENDANT shall estimate the weight of each motor vehicle and a fee shall be charged as outlined in Sections 1 and 2 of this Schedule.

The charges for depositing authorized CONTROLLED WASTE and PROHIBITED WASTE at the Campbell Mountain Sanitary Landfill are:

<u>ITEM</u>	<u>CHARGE</u>
1. Minimum charge	\$10
2. SEPTAGE WASTE	\$25 per tonne
3. CONTAMINATED SOIL	\$10 per tonne
4. Screenings and sludge from municipal sewage treatment plants, pump stations and domestic septic systems	\$90 per tonne
5. Condemned foods	\$90 per tonne
6. CLINICAL/LABORATORY WASTE	\$90 per tonne
7. BULKY WASTE	\$90 per tonne
8. CARCASSES	\$90 per tonne
9. WASTE ASBESTOS	\$90 per tonne
10. Foundry dust	\$90 per tonne
11. FOOD PROCESSING WASTE	\$90 per tonne
12. RENDERABLE PRODUCT	\$90 per tonne
13. TREE STUMPS	\$90 per tonne
14. PRESERVED WOOD	\$90 per tonne*
15. NOXIOUS WEEDS	\$90 per tonne*
16. INFESTED VEGETATION	\$90 per tonne*
17. Authorized PROHIBITED WASTE	\$90 per tonne

*No Charge when immediately deposited in the REFUSE BIN or deposited and buried at the ACTIVE FACE

REGIONAL DISTRICT OKANAGAN-SIMILKAMEEN
SCHEDULE "C"
OKANAGAN FALLS SANITARY LANDFILL DISPOSAL CHARGES

SECTION 1.

The general charges for depositing SOLID WASTE at the Okanagan Falls Sanitary Landfill are:

- (a) REFUSE
 - \$55.00 per tonne with a \$5.00 minimum charge.
- (b) CURBSIDE RESIDENTIAL SOLID WASTE
 - \$80.00 per tonne with a \$20.00 minimum charge.
- (c) DEMOLITION WASTE
 - \$125.00 per tonne with a \$20.00 minimum charge
- (d) RECYCLABLE GYPSUM BOARD
 - \$125.00 per tonne with a \$5.00 minimum charge.
- (e) CONTROLLED WASTE and authorized PROHIBITED WASTE
 - As outlined in Schedule "D" of this Bylaw.
- (f) COMPOSTABLE WASTE
 - Free for loads weighing less than 500 kg as measured by weight on the scale provided at the SITE by the REGIONAL DISTRICT.
 - \$25.00 per tonne for that portion of loads weighing 500 kg or more as measured by weight on the scale provided at the SITE by the REGIONAL DISTRICT, with a \$2.00 minimum charge.
- (g) AGRICULTURAL ORGANIC MATERIAL
 - Free
- (h) SOURCE SEPARATED AGRICULTURAL PLASTIC
 - Free
- (i) PROCESSED ORGANICS
 - Free
- (j) SCRAP METAL
 - Free
- (k) Clean Fill
 - Free, the appropriate waste management form is to be completed and twenty-four (24) hours notice given to the REGIONAL DISTRICT prior to delivery of the fill to the SITE.

- (l) SOURCE-SEPERATED, CONCRETE, Asphalt, Asphalt Shingles, Masonry and Rocks
 - \$15.00 per tonne with a \$5.00 minimum for clean SOURCE-SEPARATED Asphalt, Asphalt Shingles, CONCRETE, and Masonry.

- (m) Contaminated Soil
 - i) (Metals: \geq Urban Park - < Hazardous Waste) Soil, sediment or fill materials containing concentrations of metal parameters greater than the concentrations for the applicable metal parameter specified in Column III of Schedule 4 and Column III of Schedule 5, and not greater than or equal to the concentrations for the applicable metal parameter specified in the Hazardous Waste Regulation and;
 - ii) (Non-Metals: \leq Commercial) Soil, sediment or fill materials containing concentrations of non-metal parameters not greater than or equal to the concentrations for the applicable non-metal parameter as specified in Column V of Schedule 4 and Column V of Schedule 5.
 - \$250.00 per submission of appropriate '*RDOS Application for the Relocation of CONTAMINATED SOIL*' as per RDOS Policy P5280-00.05.
 - \$10.00 per tonne with a \$50.00 minimum charge.

- (n) Environmental Cleanup Materials
 - Free provided the written permission of the MANAGER is obtained prior to delivering any materials to the SITE.

- (o) REFUSE from DECONSTRUCTION of Local Government Improvements
 - The City of Penticton, The Village of Keremeos and the Regional District Okanagan-Similkameen are exempt from tipping fees relating to the demolition of improvements, located within the Local Service Area, owned by the City of Penticton, The Village of Keremeos or the Regional District Okanagan-Similkameen provided the demolition materials are SOURCE-SEPARATED prior to delivery and deposit at the SITE.

- (p) REFUSE from Local Government YARD AND GARDEN WASTE Collection Programs
 - The City of Penticton and the Regional District Okanagan-Similkameen shall pay tipping fees as determined by the cost recovery of chipping costs for all YARD AND GARDEN WASTE materials collected and deposited at the SITE within their respective curbside programs.

- (q) LEAD ACID BATTERIES
 - Free

- (r) Recyclable TIRES other than OVERSIZE TIRES
 - Free

- (s) OVERSIZE TIRES
 - \$200.00 per tonne

- (t) TIMBER WASTE
 - \$200.00 per tonne with a \$50.00 minimum charge

(u) Ceramic Fixture

➤ Free

(w) PROPANE TANKS

➤ Free
